Getting Started

Our social media site provides users with a landing page that allows new visitors a chance to understand the audience that we cater to before signing up for an account.

Register

Name

Username

E-Mail Address

Password

Confirm Password

The user visits a registration page if they are new to our site. We ask them to fill out this form.

Login

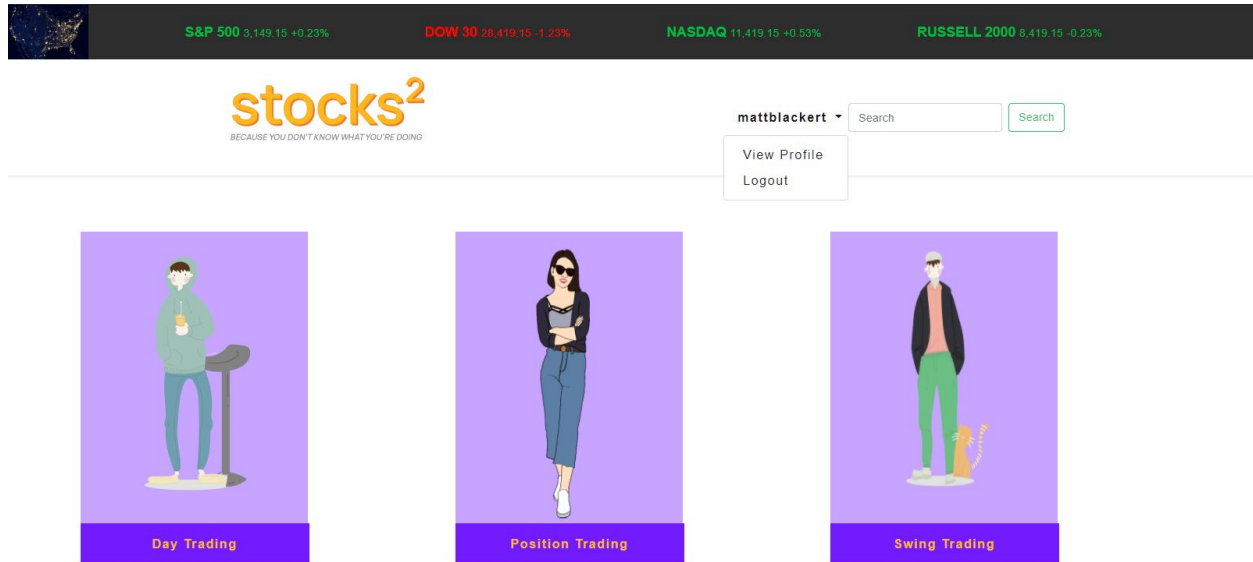

E-Mail Address

Password

☐ Remember Me

[Forgot Your Password?](#)

The user visits a login page if they are a returning user to our site. Remember me and Forgot your password are functional on our project.

The user has their own profile page, but initially the user is redirected to the homepage of our website.

Strategy Information

Add New Strategy

To create a strategy a user is going to submit a request after they have completed the form above, the profile then updates to show the new strategy first.
